## Get Support

To let someone else access this computer, generate a one-off access code and share it with them.

GENERATE CODE

Remote devices

## Give Support

To connect to and access a remote computer, enter the one-off access code from the user.

Access code

CONNECT

## 9. Remote Support

If you require assistance at home, click on the “**Remote Support**” button at the top of the page. Now click on “**Generate Code**”

## 10. Access Code

Now you have generated a code this must be given to tech support within 5 minutes. Otherwise you will need to re-generate a new code.

This will grant one time access to your machine.

### Get Support

To let someone else access this computer, generate a one-off access code and share it with them.

 2370 0164 1409  
This access code will expire in 4:56.
