Post-results services and fees: June 2023

## Services Explained

There are a number of options available if you have a concern about a result.

Here's a quick guide to your main options: requesting a **review of results** or getting hold of a copy of a marked exam paper (**access to scripts**). If you still have a concern after this, exam boards have an appeals service.
Students should speak to their subject teacher, a member of SLT or the exams officer about post-results services.

Access to scripts

Access to Script - Priority – A PDF copy of the original marked script to help you decide whether to request a review.

Access to Script - Non-priority for teaching and learning– As priority but not guaranteed to arrive before the review deadline. Not available from AQA until early September.

Review of results

Clerical re-check of all procedures leading to the issue of a result, including a check all parts of script are marked, totaling and recording of marks are correct.

Review of marking to ensure the agreed mark scheme has been applied correctly.

Priority Review of marking as above but only available for AS and A Levels and Level 3 qualifications for most boards (Pearson GCSE only)

Copy of script

A PDF copy of the reviewed script to be delivered after the review has been completed.
